

PARTNERSHIP PROGRAM **ASSOCIATE PACK**

Do you want to become a
Cranford Associate?

Who we are

An Assured Resource provider established for more than a decade and with an unrivalled reputation within the IT Service Management and Cloud industry sectors.

With a strong client base of Managed Service Providers, Consultancies, Financial Services organisations and Technology Vendors we provide approved resource pools for our clients.

How can we work together?

We believe in the power of great relationships! Over 90% of the people we place are people we have known and met. Our clients trust us to deliver high calibre people that will do an excellent job. This is how the Cranford Associate model was born.

You work as a partner of ours with the benefit of flexible and exciting roles and the support of our experienced in house team. We present the best opportunities to you, first.

What does being a Cranford Associate mean for you?

FEATURES

- ✓ Cranford have a proven track record of sourcing for premium roles placing thousands of IT professionals annually.
- ✓ Friendly professional family run organisation recognised as being a high calibre resource provider and well established in the IT industry.
- ✓ We are an approved supplier to the public sector through the G Cloud and DOS 3 Frameworks.
- ✓ Attractive remuneration rates, access to roles first and other Cranford Associate benefits are available to you.
- ✓ Cranford Associates are a pre approved & referenced pool of professionals of exceptional skill set.

BENEFITS

- ✓ Flexible work contracts from the best SME's and blue chip organisations offering you a wealth of career opportunity.
- ✓ Work as a contractor but with the full support of our professional team from career advice to branding support.
- ✓ Gain access to exciting public sector projects which will help shape future digital services that will really make a difference.
- ✓ Receive superior and regular income in a timely manner in recognition of your endeavours.
- ✓ 360 degree pre referencing by our team means shorter lead times to begin projects and faster earning potential.

The right move for your career.

As demand for skilled IT and Cloud professionals increases make sure you are partnered with an organisation that can provide you with the perfect roles, not just the available ones.

We are an approved supplier on the G Cloud and DOS3 frameworks, and offer Gov Assure providing public sector resource and Cloud Base, our specialist Cloud Architecture division to blue chip clients assuring you exciting career prospects.

Attractive financial benefits and incentives give you the financial rewards you deserve.
